ZooSay™

FAST UK CONSUMER AUDITS

Ask verified UK adults before you spend the budget.

Test ad hooks, packaging, prices and real experiences with real people in the UK. You see the exact price before you launch, and you pay only for answers that are approved.

1

Build

Write your questions, or upload them from our spreadsheet template. Choose who you want to hear from.

2

Fund and launch

See the price per response as you build. Buy Pre-funded Research Credits by card or bank transfer, and we check the audit before members see it.

3

Review and decide

Answers arrive in your dashboard with charts and a download. You have 14 days to review each one.

Answers you can trust

- **UK adults only, 18 and over.** Checked by UK mobile, UK address, UK connection and a bank or PayPal account in their own name. Never photos, selfies or ID.
- **Every response checked.** Speed, attention checks and written answers are checked as they arrive.
- **A person reviews every rejection.** No answer is rejected without a person reviewing it.
- **Pay only for approved answers.** Reject a poor answer with a reason within 14 days and you are not charged for it.

Three kinds of consumer audit

Snapshot audit. 1 to 5 closed questions, about 2 minutes. Choose between hooks, headlines or pack designs. About 40p a response.

Insight audit. 10 to 15 questions with written answers, 5 to 8 minutes. £1.00 to £1.60 a response.

Experience audit. Feedback on a real shop visit, website journey, delivery or product. Priced by the minutes it takes.

One simple price

20p per estimated minute, per approved response, before VAT. Members are paid 12p of that, in cash. Narrow audiences cost 15% to 60% more, and the price is always shown before you launch. 20% VAT is added. Order from 10 to 10,000 responses.

Already use your own survey tool? Once approved, you can run the audit there for less: £1.72 for 10 minutes instead of £2.00, with fewer checks by ZooSay.

Length	Per response	100 responses
2 minutes	40p	£40
5 minutes	£1.00	£100
10 minutes	£2.00	£200

Before VAT, for an audience most members match.

No subscription. Buy credits for the responses you need. A credit balance is refunded on request.

Change your mind. Cancel before launch and everything is refunded, VAT included, within 5 working days.

Pause any time. Your credits stay in place, and the rules are shown when you sign up.

Tell us the decision you are making.
We will say honestly if a consumer audit is the right tool.
